

LOCKERS

Year 5 and 6 classrooms are equipped with storage tubs for students' books, stationery and equipment. Bag racks are located outside the classrooms.

Year 7 and 12 students are provided with a locker for the storage of their personal items and equipment. Each student is responsible for the care and maintenance of their allocated locker throughout the year and it should not be shared with other students. Damage or graffiti must be reported to their Year Level Leader immediately.

Students will be issued with a Master combination lock with master key override. These are the only locks permitted for use at the College. Any lock not supplied by the College will be removed, a College issue one applied, and the cost charged to the student's account. Locker combinations should remain confidential and should not be passed on to other students. It is the responsibility of the student to meet the replacement cost for their allocated combination lock, should it be lost or damaged due to negligence.

Tampering with another student's locker or lock is considered to be a serious offence. Any student who witnesses another student tampering with locks or lockers, should report this information.
